No. ASDMA.24/2020pt/ 85

Dated 9th July, 2020.

It has been reported to me that made Tea produced in the Tea Gardens of Upper Assam and Barak Valley under Assam Tea Corporation Ltd. are lying in the gardens for considerably long time, which has the threat of quality deterioration and decrease in price and demand which is highly likely to cause serious problems for these gardens;

It has also been prayed that the produced tea be allowed to be transported to the warehouses in Kamrup Metropolitan from respective tea gardens for proper storage and presentation in the Tea Auction;

In view of the above, the following are allowed with immediate effect: -

1. Made Tea, properly packaged is allowed to be transported from the Tea gardens to warehouses in Guwahati as per the attached list on Saturday and Sunday (11th and 12th July, 2020);
2. Labourers for loading of Tea shall be used from the workforce in the respective Tea garden and for unloading, workers housed inside the warehouses only. No outside labourers are to be used;
3. All COVID 19 protocols are to be maintained during loading, transportation and unloading;
